Huntington Beach, CA 92647

Dear Mr. Pourzanjani:

Complete evaluation results of the Automobile technician-training program at Golden West College have been received and reviewed.

Congratulations! I am pleased to inform you that all eight areas meet the strict industry standards required for ASE MASTER certification of your program. This is the highest level of achievement recognized by the National Institute for Automotive Excellence (ASE).

Although many educational institutions strive for it, only a small percentage achieves this certification. Both the educational and automotive communities should be proud of your commitment to quality Automobile training programs.

To acknowledge your accomplishment for ASE Master certification, we are having the name of your school engraved on a plaque, which will display metal plates for all eight areas. You will receive this plaque within 4-6 weeks.

Again, congratulations on your achievement.

Sincerely,

A handwritten signature in black ink that reads 'William A. Kersten'.
